

Thoughts from Kelly

~ July 2009 Edition ~

I'd like to begin by introducing this new feature we're adding to the site. Our goal is to present a newsletter, for lack of a better word, monthly for clients, prospective clients, and just any old Joe interested in learning a little more about our industry. We hope you will find each month's "Thoughts" to be educational, informational, and sometimes even entertaining! We'd love any feedback, thoughts or questions you may have for future pieces.

The main goal of this first edition is to say THANK YOU to all of you who have shared support and sympathy for the loss of my father, Terrie, over the past few months. For your time, your prayers, your cards, flowers, food and more... my family and I would like to THANK each and every one of you from the bottom of our hearts! It's great to know what kind of friends you have out there when you need them the most.

Terrie's spirit is certainly alive and well in us as we're trying to wrap up another busy breeding season and staying on the road showing.
